## MAKING THE LIST

There's a bit of an art to getting on this list. First, the guidelines: Gallery listings are divided into those featuring regularly rotating shows and those with permanent installations. The latter category is limited to galleries whose primary function is selling original art, and they are listed as space allows. Sorry, we don't have space to list exhibits at commercial venues, such as restaurants and nightclubs.

Information is due at 5 p.m. Thursday, eight days before publication, though earlier submission is appreciated.

**Include:** Name and description of event, date, time, address, price, phone number the public can call and Web site (if applicable). If it's free, say so.
